Name _____

Street _____ State _____ Zip _____

Telephone _____

Email _____

Year, make and model of motorcycle _____

Do you currently have or are you planning to make any mods ie, big bore kit, pod air cleaners? _____

What is your approx elevation? _____

Our default fasteners are JIS (Japanese Industrial Standard, identical to those that were installed at the factory), but we also have stainless socket caps. We only supply polished ones with no markings (they're very pretty--NOT like hardware store variety). They'll add 20 dollars to the cost of the job. Tell us your preference: OEM _____ Socket _____

We also offer color-coating of carb bodies, brackets, caps, and/or float bowls. We use 2-part automotive paint which is immune to oil, solvent, ethanol, gas--you name it. Price depends on extent of what you want us to do.
